Subject: SEGIP Dental Plans
2012 Rates and Benefits

Dear Former State of Minnesota Employee and Family Member,

The state and the union health plan coalition have agreed to an interim solution regarding insurance plan design and premiums for the dental plans administered by the State Employees Group Insurance Program for 2012. SEGIP will proceed with an open enrollment in which there will be no plan design changes to the dental plan, and no changes to the premium rates at this time.

The 2012 clinic networks are now available online at www.mmb.state.mn.us. You may also check your dental clinic and dentist availability by visiting the websites of each plan.

The employer and the unions will continue to bargain and there is a possibility that they will negotiate changes to the dental plan design and/or premiums that will be effective sometime in 2012. If this happens, a communication will be sent to you notifying you of any changes. Keep in mind that, as a former employee, you may cancel coverage at any time. However, if you leave the SEGIP, you will not have an opportunity to re-enroll in the future.

As a reminder, the SEGIP Open Enrollment website (<http://www.mmb.state.mn.us/oe>) is still your best source of information. It contains all the information you need to make enrollment changes, including medical and dental plan designs, premium rates, and links to the dental plans' provider directories.

If you have questions regarding this communication, please contact SEGIP at the phone numbers listed above. Thank you for your continued participation in the SEGIP.
